

## Private Education at Public Education Rates

**Campbell University - RTP** has traditionally maintained the most competitive tuition rates amongst RTP adult education institutions. The main objective of this policy is to make education as affordable as possible for both traditional students and for military personnel with fixed annual benefits. Cost is a relative factor. The main mission of the CU - RTP campus is to provide the best education in our market area. The fact that our tuition rate is the most competitive in the area is simply an additional benefit.
